

**Participate in a *National Science Foundation* Study  
and Enter to Win a New Lenovo Tablet!**

The *National Science Foundation*, together with researchers from the *Society for Women Engineers* (SWE) and *The University of Texas at Austin*, are conducting research on young women's interest in engineering. **We are looking for high school students** who would be willing to participate in this study, so that we can learn more about young women's opinions and experiences with engineering and other STEM fields.

Participation is *completely voluntary and confidential*. If interested, please complete our online survey at <http://bit.ly/SWENextStudy>.

This study has been reviewed by The University of Texas at Austin Institutional Review Board. If you have any questions about the study, you can contact the researcher Dr. Catherine Riegler-Crumb at 512-475-8642 or send an email to [riegle@austin.utexas.edu](mailto:riegle@austin.utexas.edu).

Thank you!

This research is funded through a grant from the U.S. National Science Foundation.
